CURRICULUM GUIDELINES

2022-2023

At NHSSVL, it is our constant endeavour to inculcate values, enlighten the young minds and broaden their horizons. We at our school follow ‘The Knowledge Tree’.

CURRICULUM GUIDELINES

Aims & Objectives:

The changing educational scenario has created a need for applying creativity and innovation in teaching, learning and evaluation processes.

Our curriculum is designed on the guidelines laid down by the Central Board of Secondary Education (CBSE). It not only focuses on knowledge and skill development but also on the overall personality development of the children.

ART, LIBRARY, YOGA

GRADE X

ENGLISH, MATHEMATICS, SCIENCE, SOCIAL SCIENCE, IT, MARATHI/SANSKRIT/HINDI, P.E, ART,
LIBRARY, YOGA

In-house Activities

Beyond Academics:

The school's co-curricular programme provides enriching opportunities beyond the classrooms to pursue the areas of passion, explore creativity and enhance inherent competencies. The co-curricular programme is a part of our school curriculum. Both scholastic and co-scholastic activities make a curriculum complete.

Numerous co-curricular activities are initiated to facilitate children's learning on intellectual, physical, social, and emotional levels.

Children are given multiple opportunities to take part in various competitions, contests, activities, programmes, etc. These opportunities bring out the hidden talents of the children.

School organises various workshops, seminars, etc for the development of competencies and skills for their teachers and students such as:

- Study skills and strategies
- Leadership development
- Good & Bad touch workshop
- Training and development
- Tata edge workshop on digital teaching

- Parent orientation programme
- Cleanliness drive
- Etiquette
- Time & Stress Management
- Environmental awareness
- Pro & cons of social network
