

Curriculum Guidelines:-

The school has adopted syllabus and curriculum designed by the Central Board of Secondary Education

(CBSE). The Pre-Primary curriculum has been framed to enrich and nurture the cognitive domain, through innovative technique integrating in the psychomotor and affective domains. This would automatically drive the toddlers mind to recognize and respond accurately to all the components of each domain.

In a world of progressive education experiential learning, multifarious activities have been incorporated in the curriculum to create legitimate opportunities to the child /pupil at the Pre-Primary and Primary levels, which include real life situations, project work, field trips, and group activities.

We employ innovative techniques in the aforesaid Curriculum and customise it to cater to the needs of a child. This kind of 'Child-Centric' and 'Modern Curriculum 'is purposefully thought provoking to enable the students of the Secondary Section to analyze, interpret and eventually integrate the contents. Consequently, they utilize the learnt concepts to face the real-life challenges of the 21st century.
